

Peoplesource has a legacy of delivering top talent to some of the world's leading firms. With an expertise in identifying Engineering and Design talent we can deliver highly skilled professionals on either a permanent or contractual basis.

PEOPLESOURCE ADVANTAGE

We Know Your Business

Engineering and Design is a technical business. This is why we employ highly skilled technical consultants that understand the nuances of your business.

Personal Touch

We are an entrepreneurial organization that can offer you the best of both worlds. The reach and scale of a large recruitment firm with the personal touch of a small one.

Proven Methods

We practice specific processes and methodologies including sophisticated candidate screening and matching techniques that deliver results.
